- Ability to upload storage tank information via spreadsheet to review all data in one centralized location

Its End-to-End Solutions, Delivered

TankSafe is a fully-automated internet based system that provides commercial underground and aboveground storage tank insurance. From submission through policy and financial responsibility certificate issuance, the system has been specifically designed to make an otherwise complicated process both user-friendly and efficient for our customers. It combines underground and aboveground storage tank coverage in a single policy and is provided on an admitted basis.

Coverage

- \$350 Minimum Premium from \$500,000 per/\$1M aggregate to \$2M per/\$4M aggregate
- Third-party bodily injury and property damage claims resulting from storage tank incidents involving scheduled storage tanks
- Corrective action costs resulting from storage tank incidents involving scheduled storage tanks
- Policy/Certificate satisfies federal and/ or state requirements for financial responsibility (where applicable)

- Written on admitted basis
- Standard coverage terms and conditions:
 - Deductible-based cover
 - Enhanced Extended Reporting Period terms
 - Dedicated Legal Defense Limits

Preferred Risks

- Airports
- Auto Dealerships
- Commercial/Industrial Facilities (i.e. Service Stations, Convenience Stores)
- Marinas
- Municipalities
- Hospitals
- Schools, Colleges, Universities

Restricted Classes

Underground Storage Tanks (USTs) and Aboveground Storage Tanks (ASTs) older than 30 years (25 years in Connecticut) and ASTs with capacities greater than 49,999 gallons are ineligible for the web-based system. Please contact your regional Chubb Underwriter for assistance with risks which fall outside the systems parameters.
