

Chubb Recall Plus™ Goes Admitted in 2021

As part of our ongoing commitment to innovation, Chubb Product Recall is pleased to announce a fully admitted standalone option for Product Recall Coverage in the U.S.

CHUBB

Chubb Admitted Product Recall Coverage

Key Features:

- Ease of Use
- Accessible by all Chubb Agents
- Time and Cost Savings
- Exclusive to Small Business Clients (with annual sales up to \$25M)

Historically, product recall coverage in the United States has been positioned exclusively in the non-admitted market. Through the introduction of an admitted product recall form, Chubb has created a first-of-its-kind policy solution.

With this platform, producers are no longer required to approach the E&S marketplace or be held responsible to file state-specific surplus lines taxes and fees. Instead, all Chubb agents will now have direct access to writing Chubb Product Recall policies on an admitted basis (saving both time and expense).

Targeting business clients with annual sales up to \$25M, Chubb Product Recall offers this coverage on an admitted basis as an important risk management option for both first-time purchasers as well as existing product recall buyers.

Chubb Product Recall now offers an admitted product in 31 states and anticipates being able to offer an admitted product in other states soon as well.

For more information on the tailored coverage options available, please visit chubb.com/productrecall to learn more.
