# Super Care Multiple Protection Benefit

Unexpected situations may arise at any time and all of us need to be prepared for them. Chubb Life's Super Care Multiple Protection Benefit (the "Rider") is a rider specially designed for Super Care Critical Illness Protector (the "Basic Plan"), providing an enhanced protection against critical illnesses. In addition to the Major Illness Benefit entitled under the Basic Plan, the Rider provides protection for a maximum of four claims up to age<sup>1</sup> 85 of the insured for 62 Multiple Protection Major Illnesses, with the benefit amount payable increasing for each subsequent valid claim. A Compassionate Death Benefit upon the death of the insured will also be offered. Moreover, once the Major Illness Benefit under the Basic Plan has been paid, future premiums of the Rider will be waived.

## **Enhanced Protection against 62 Multiple Protection Major Illnesses**

The Basic Plan and the Rider altogether accept up to a total of five claims for 62 critical illnesses. After the Major Illness Benefit under the Basic Plan has been paid, the Rider will continue<sup>2</sup> to provide the insured with protection of up to four

additional claims on Multiple Protection Major Illnesses<sup>3</sup> up to age 85<sup>4</sup> of the insured while the Rider is in force.

The Multiple Protection Major Illnesses are categorized into five groups as specified in Table 2. The Basic Plan together with the Rider allows one claim for each of Groups B, C, D and E<sup>5</sup>. As for Group A, this group is specifically for cancer, a critical illness that can come back (i.e. recurrence) even after treatment. To better protect the insured against cancer, the Basic Plan together with the Rider allows a maximum of three claims for this group<sup>6</sup>.

For more details, please refer to the example of "How Super Care Multiple Protection Benefit can complement Super Care Critical Illness Protector to fulfill specific protection needs" in this product brochure.

## **Step-up Benefit for Peace of Mind**

For enhanced protection, the benefit amount under the Rider increases with each subsequent valid claim, giving the insured further support for treatment, medication and living expense:

The "Company", "we", "our", or "us" herein refers to Chubb Life Insurance Hong Kong Limited.

**Table 1**

Valid Claim under Super Care Multiple Protection Benefit	Benefit Amount <sup>7</sup> (as Percentage of the Sum Assured of Super Care Multiple Protection Benefit)
1 <sup>st</sup> valid claim	100%
2 <sup>nd</sup> valid claim	110%
3 <sup>rd</sup> valid claim	120%
4 <sup>th</sup> valid claim	130%

**Ease Your Financial Burden with Premium Waiver**

We understand that the financial burden of contracting critical illnesses can be huge. If the Major Illness Benefit has been paid under the Basic Plan, all future premiums under the Rider will be waived, and the Rider will remain in force until age 85 of the insured without extra financial burden.

**Care for the Family**

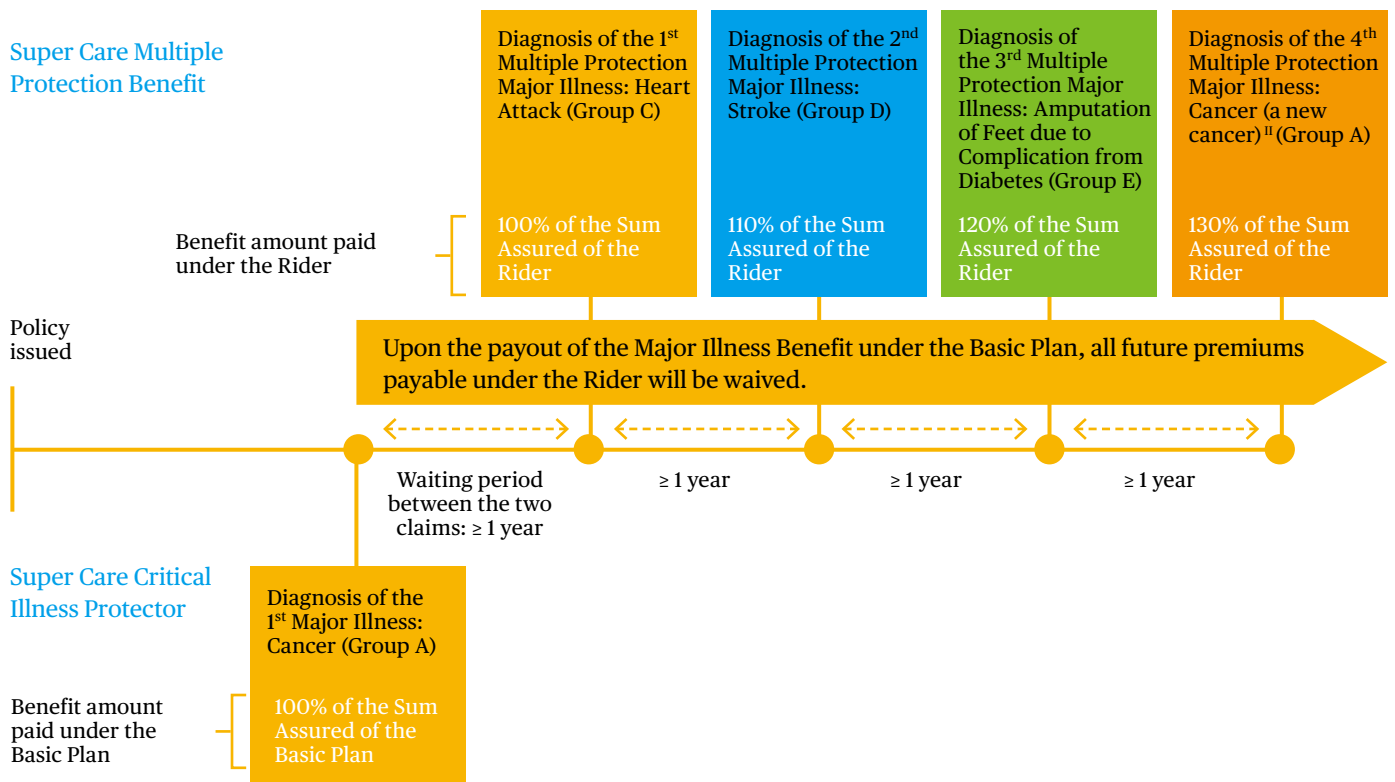

If the insured passes away while the Rider is in force, the Rider will provide a Compassionate Death Benefit of HK\$10,000/US\$1,250 (depending on the policy currency) to the beneficiary.
